LUCILLE BROKE HER RECORD.

Billings' Fast Road Race Trained a Mile to Wagon in 2:07 Flat.
Lexington, Ky., Oct. 6.—The track was in fine shape and very fast this afternoon. Lucille, the fast road race horse, broke her record of 2:07 to wagon and finished the mile in 2:07 flat. This secured a new mark for the track and the world's fastest record to wagon driven by an amateur.

BURKETT WAS FEELING GAY.

Made a Speech to the Grand Stand at Pittsburg.
Pittsburg, Pa., Oct. 6.—The St. Louis and Pittsburg teams left together for St. Louis to-night to play four games. A double-header will be played on Monday. Jesse Burkett cupped like a southerner today. Before the game he got out in front of the stand, doffed his cap and made the salute to the fans. "We are only two games behind Chicago and only three games back of Brooklyn, and, as we are not in baseball for our health, we will better our position if we can."

REPUBLIC SPECIAL.

Pittsburg, Pa., Oct. 6.—The St. Louis team stopped here between trains today and entered in a game at Exposition Park without much trouble. They did not have to extend themselves to win from the alleged pennant aspirant, who for some time past appear to have been sparing for wind, hoping only that Philadelphia will not win enough games to pass them.

Pittsburg played last today like the tail-enders in Kuba Waddell's Pennsylvania League—perhaps more so, but they have played at any time since St. Louis played here two weeks ago, punched their bluffs and showed that they could be beaten. Seven Williams' errors on the part of the home team displaced the 4,000 spectators to-day.

Wagner was not in the game. It was said that he had injured his arm in throwing 125 yards yesterday in the field-day exercises. It is thought too much field day was in the air. Perhaps it is lucky the field day was held before, not after, to-day's exhibition.

St. Louis played ball in ruts around Pittsburg, and it was only by hard luck that their score was less than they have scored at work at the start. Blackburn was out in the first and hurtled out one to the fence for the three bases, but was out at the plate later on Heideck's error.

In the third Lou Oliver was safe on 125's ball throw, and a moment later plover to third on Leever's ridiculous attempt to catch him out. The sound of the ball, Poles, the Interstate League wonder who took Clark's place in the lead, made a throw to the plate on Powell's fly, holding the catcher at bay. The sound of the ball, Poles, who again held Oliver at third. After all this remarkable work Leever allowed in the act of pitching.

In the fourth St. Louis got two more runs. Hansen and Bowman were out. Wagner was out. The sound of the ball, Poles, who again held Oliver at third. After all this remarkable work Leever allowed in the act of pitching.

In the fifth St. Louis got two more runs. Hansen and Bowman were out. Wagner was out. The sound of the ball, Poles, who again held Oliver at third. After all this remarkable work Leever allowed in the act of pitching.

TAYON'S SENSATIONAL RACE.

Missouri-Bred Colt Stopped Six and a Half Furlongs in 1:19.12—Ida Loddard Defeated Loving Cup.

Frank Cook's Missouri-bred sprinter, Tayon, distinguished himself at Kinloch Park yesterday by running six and a half furlongs in 1:19.12, with 16 pounds on his back. This is the fastest time for the distance ever recorded on a local race track. The American record for the race over a circular track is 1:18.4, established by George, a year-old filly, at the Hawthorne course last year.

Tayon was a strong favorite at odds on for his race, and justified the confidence of his backers by winning cleverly from Hamman and Mader. Hamman, favored by a running start, also was managed to beat Tayon the last time the pair met, yesterday's race demonstrated conclusively that Tayon is the best horse. He conceded all kinds of weight to his field and won like a stake horse. After Miss Lucy, with a feather on her back, showed early speed but weakened when the real racing commenced.

H. D. Brown's great sprinter, Gold D'Or by Golden Corral, made his debut at Kinloch in the third event and was a close second to Tayon. He ran in a short time by Tayon, but in a six furlong race. Tayon's withdrawal left the race a two-horse affair, with Frank Bell favorite over Ida Loddard. The winner beat Tayon the last time the pair met, yesterday's race demonstrated conclusively that Tayon is the best horse. He conceded all kinds of weight to his field and won like a stake horse. After Miss Lucy, with a feather on her back, showed early speed but weakened when the real racing commenced.

Gold D'Or came like a wild horse when he struck the straight path home, but he couldn't quit reach at the end. Frank Bell, the dam of this pair, is the only one of his kind who has won the race. He was a close second to Tayon. He ran in a short time by Tayon, but in a six furlong race. Tayon's withdrawal left the race a two-horse affair, with Frank Bell favorite over Ida Loddard. The Professional Estimate of Proprietary Remedies.

BY M. J. OWENS, M. D.

Dr. Gillaume Touvin, an eminent physician who for many years practiced in Lyons, France, delivered himself of this very pronounced opinion upon the subject of proprietary medicines:

"I wish that the great mass of the people would try to better understand the position of the medical profession in regard to what are popularly known as 'proprietary remedies.' There would appear to be a sort of half confused idea that such preparations are condemned en masse by physicians, and that the latter are a unit in condemning them. Now this is all wrong; it is not conducive to the public welfare, nor, I may say, complimentary to the intelligence of us doctors. Because, what the people, of all ranks and classes, should understand, is that there is genuine help, and also the intrinsically curative power, in some of those preparations which are called proprietary. Such remedies as physicians discover to be worthy their commendation they are ready to permit and advise the use of, even though they be classed as proprietary. The people should sometimes read the journals of medicine, and therein learn to their advantage what we commend—what we condemn."

The American Journal of Health is all the time seeking to perform its part of the duty that is owed by all hygienic publications to give to the American public precisely that information which Dr. Touvin considered so essential to the welfare of the public of France. We want to let the people know which are the real remedies, and which are the impostures. Then they will be in a position to discriminate, and to derive from the intelligent use of those remedies which the profession endorses such help as they may contain. Among tried and proved proprietary medicines we confidently class Dr. Caldwell's Syrup Pepsin, manufactured by the Pepsin Syrup Company of Monticello, Illinois, as a cure for constipation, indigestion, sick headache and stomach troubles. This is a remedy which performs what it promises to perform. We have obtained convincing proof of the merits of this preparation as a cure for the diseases named. We have ascertained that in a very remarkable number of cases it has removed both the cause and the effect of the complaint. Moreover, it has accomplished this so thoroughly that the cure was indeed complete, and the former sufferer permanently relieved of his trouble. We have paid no attention to the advertised claims of Dr. Caldwell's Syrup Pepsin, but made our own inquiries privately and independently. And what we discovered has convinced us of the genuineness of this remedy. Medical opinion upon the matter was also secured by us, and such opinion fully supported the judgment we had formed from our other inquiries, that Dr. Caldwell's Syrup Pepsin has been, and may be used with the greatest advantage by all the sufferers from the diseases it reaches and cures.

The quack forever goes about with his worthless nostrums, seeking whom he may devour. We may not be able to get rid of him and his useless—often times harmful—compounds, totally, but we can do much to reduce his numbers and lessen his power for harm. He has no such powerful foe as the hygienic press, when it proclaims the truth that no one should use proprietary remedies save under the advice of their personal physician or else when the remedy has been endorsed in responsible health publications. Recommendation is given only in cases similar to that of Dr. Caldwell's Syrup Pepsin, which we, with a full understanding of the facts, strongly and unreservedly endorse to all who scan these columns.—From The American Journal of Health of Sept. 29, 1900.

Majestic Combination Range

Has prompted a great many manufacturers to tack a cheap gas range to their coal range—which they sell as a "Combination Range"—which they sell as "just as good," etc.

Don't Be Taken In by Price or Appearance.

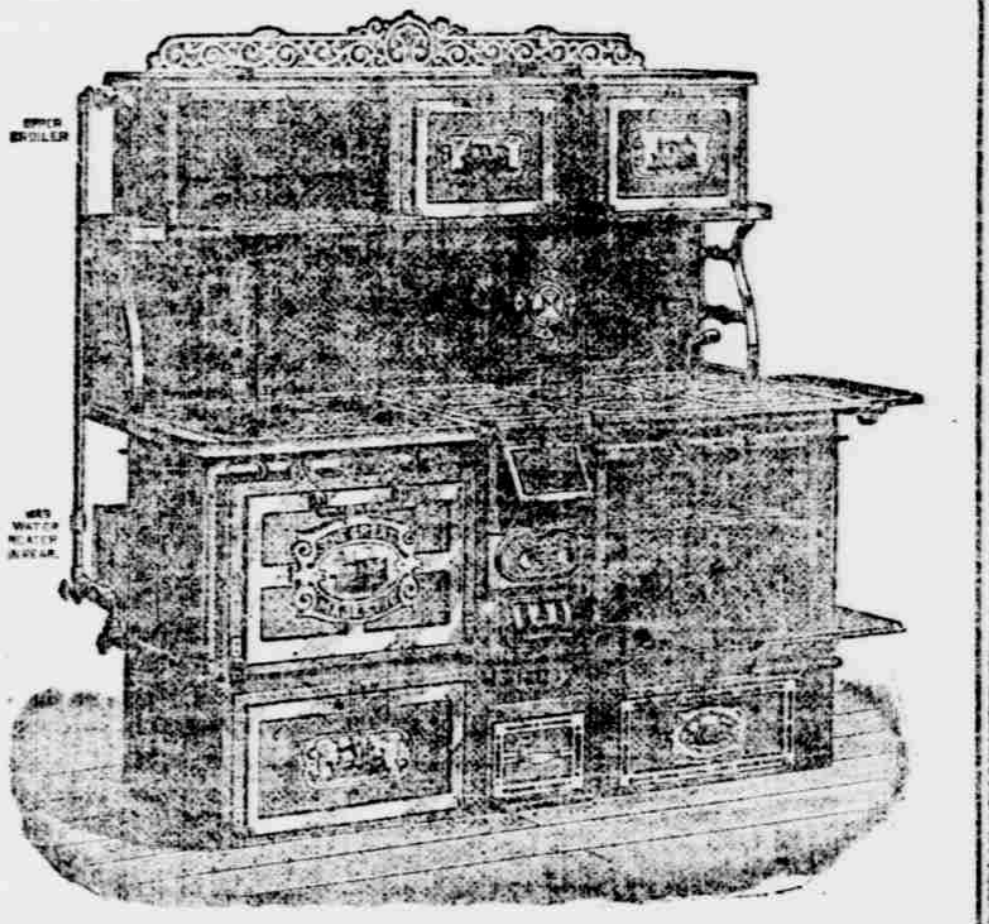

The first cost of the Majestic is more than imitations—BUT the second cost is less—much less.

Let us show you the difference between the original Majestic Malleable Iron and Steel Combination Range and the cheap "trash" with which this market is now flooded.

The crowd showed its appreciation by breaking into applause as they cheered the quarter jump. Going up the back stretch the last time, Smith, who was always second, was the favorite.

First one and then another tried to go up, but he came to the last jump a length and a half before. Photo. Both cleared the obstacle in safety, and an exciting drive to the wire followed, in which Mr. Smith showed his skill, landing his mount a cheater winner by a scant half length. Poles, who was third, was third, and behind Photo. The others struggled in, not a fall having occurred to mar the race.

Game little Belmont won the Nursery Handicap. He made the first running and won by a length from Water Color, who beat Beau Chantant a head for the place. The latter was closing like a whirlwind and but for some interference might have repeated his victory in the Madron Stakes. Photo. finished third.

Photo. ran in the colts of Senator P. H. McCarron, who bought him last before the race. Photo. was a close second to Belmont. Hunter Handicap, beating the favorite, Photo. by three-quarters of a length. Summary.

First race, seven furlongs—Photo, 12 (odds, 5 to 1) won, 1:19.12. Belmont, 2 (odds, 3 to 1) 1:21.5
